Students who have failed any part of the course are given the possibility of a new test. In connection with written assignments, supplementary assignments may be offered in order for the student to achieve a Pass grade. Such a supplementary assignment should be done within the stipulated time (normally five working days after the result has been posted). Otherwise a Fail grade will be reported.

A student who has passed a subtest may not do a new test for a higher grade. Nor do students have the right to withdraw a submitted test and in such a way avoid being graded.

If a student who has failed the same examined component twice, wants to change examiner before the next examination, they should submit a written request to the department responsible for the course. The request shall be granted unless there are special reasons to the contrary (Chapter 6, Section 22 of Higher Education Ordinance).

If the University of Gothenburg has decided that a student is eligible for special study support, the examiner may, provided it is compatible with the aim of the course and it can be done within the scope of available resources, decide to offer the student an adjusted examination or a different examination format.

If the course has been discontinued or substantially revised, a student should be guaranteed to sit the examination on at least three occasions (including the ordinary examination occasion) during a period of at least one year, but not later than two years after the course was discontinued or revised. As regards internships/placement the same as above applies, with the exception that examination is offered on only one occasion.
