Assessment

To what extent the student has achieved the aim of the course is tested partly continuously through written and oral exercises, partly through a written final examination. For components of assessing type, compulsory attendance applies.

A student who has failed a course item is eligible for a retake exam/assignment. In connection with written assignments, supplementary assignments may be offered in order for the student to achieve a Pass grade. Such a supplementary assignment should be done within the stipulated time (normally five working days after the result has been

posted). Otherwise a Fail grade will be reported.

A student who has completed an exam/assignment with a passing grade is not eligible for a retake for the purpose of receiving a higher grade. Nor may a student withdraw a test/assignment once it has been submitted for the purpose of avoiding receiving a grade for the work.

If a student, who has been failed twice on the same course component being examined, wishes to change examiner before the next examination, a written application shall be sent to the department responsible for the course, and shall be granted, unless there are special reasons to the contrary (Chapter 6, Section 22, Higher Education Ordinance).

If a student has received a recommendation from the University of Gothenburg regarding study support for students with disabilities, the examiner may decide, in the case where this is compatible with the learning outcomes for the course, and provided no unreasonable resources are required, to give the student an adjusted examination or an alternative form of examination.

In case the course has been discontinued or undergone any larger changes the student is guaranteed access to at least three additional examination sessions (including regular examination sessions) within the time of at least one year. The same applies to placements and professional placements (VFU), although this is restricted to just one additional examination session.

Grades

The grading scale comprises: Pass with Distinction (VG), Pass (G) and Fail (U).

To pass the course with distinction, the grade Pass with distinction is required on the written examination.

The students are given the opportunity to make a written evaluation of the course. The results of the evaluation are published digitally.
